## Isabelle Vets

At Isabelle Vets we believe in a proactive, preventive approach to your pet's healthcare. We know how important your pet's health is to you and we want to help you keep them happy and healthy for longer. This is why we have designed these Pet Health Clubs.

A Pet Health Club makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pet's vaccinations, parasite control and general health are all up to date. Regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst saving you money and worry too.

Pet Health Clubs are not pet insurance: Pet Health Clubs include the regular things – like vaccinations, flea, worm and parasite treatments, health checks and advice in an easy monthly payment plan – the things that pet insurance generally doesn't cover. However young or old your pet, a Pet Health Club is designed to adapt to your pet's needs, from puppy or kitten, to adulthood and throughout its senior years.

A Pet Health Club is a simple and affordable way to get all of the preventive care that our practice recommends for your pet.

We have teamed up with Simplyhealth, who will collect your Direct Debits on our behalf and take care of the administration of the plans. This frees us to concentrate on looking after your pets.

	Dog Any age	Cat Any age

### Notes:

1) A joining fee of £10 is applicable when taking out a Health Plan. This is a one off fee which will be collected with the first monthly payment. For further information on the joining fee, please contact the practice.

2) If you cancel at any time other than on an anniversary of joining the plan, you will be required to pay the practice either the outstanding amount for treatment received, or the monthly payments due until the anniversary of your plan, whichever is lower.

3) No refunds are payable for any months paid before a pet's death except at the discretion of the practice.

4) Plans and prices valid from 1st April 2019.

5) The practice may require you to make an upfront payment or pay for treatment before the plan commences.
